

G.A. Murdock B2B Website

We are moving to an e-commerce platform that allows your company's employees to easily order online.

Basic Website Features

- ◆ Browse our entire product catalog with images and literature
- ◆ Real-time inventory levels
- ◆ Wholesale price breaks (requires login)
- ◆ Build orders by:
 - Browsing and adding items to a cart, or
 - Typing in part numbers, or
 - Copy+paste parts numbers and quantities
- ◆ Restrict users to the pay methods you approve, including: Net Account, Credit Card, ACH, or C.O.D.
- ◆ Order Tracking
- ◆ Reorder from previous orders, a saved list or a dynamic list of frequently ordered items
- ◆ Schedule recurring orders (sends an email reminder)
- ◆ View invoices from orders placed both online and offline
- ◆ Generate and download custom pricing spreadsheets on demand
- ◆ Also supports ordering on mobile phones and devices

Advanced Options

These options require additional time and information to configure for your company's needs.

- ◆ Define a custom catalog limited to only authorized products.
- ◆ Limit individual users to particular shipping addresses.
- ◆ Define manager accounts that can make changes for associated employees and view their orders.
- ◆ Set purchasing rules to require manager approval based on order quantities or amounts.
- ◆ Shared purchasing lists can allow multiple users to build a single order.
- ◆ Share and store files with our company to ensure we all have access to the same drawings and requirement specifications.

Future Functionality

- ◆ Request product returns, track return progress and view credits.
